LanTEK III

Cable Certifier

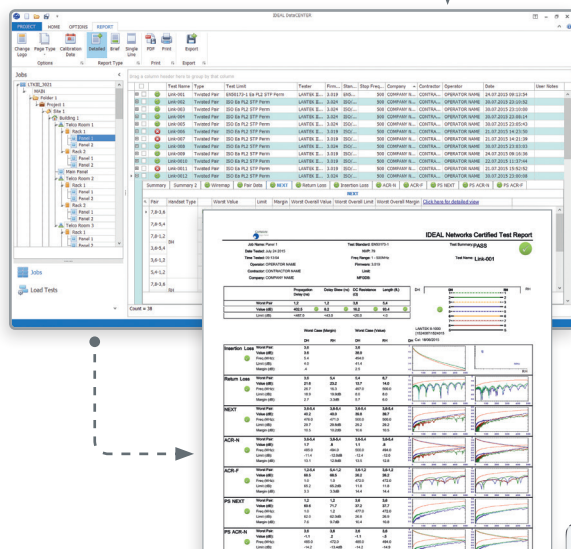

Test data when you want it, where you want it

Send test data from
anywhere using the Free
IDEAL AnyWARE app

IDC IDEAL Data Center software

Using the free IDEAL AnyWARE app, cable installers can share test data with project managers without leaving the jobsite, resulting in greater collaboration, more on-time job completions and reduced costs.

- **New troubleshooting features that save time and money** – Locate hidden connections, splices and cable faults using Time Domain Return Loss (TDRL) and Time Domain Crosstalk (TDX).
- **New permanent link adapter saves money** – Maintenance free and features replaceable centred Cat6_A tips to reduce cost of ownership.
- **New FiberTEK III modules** – Tier 1 certification of fibre cabling eliminates the need for additional fibre testers. Available on 500MHz and 1000MHz models.
- **Industry leading battery life** – 18 hours of continuous testing without interruption.
- **New test data software** - Create powerful client reports quickly and easily from multiple testers using one PC application.
